

FY 2009 IOWA ROAD USE TAX FUND DISTRIBUTION

- A portion of Road Use Tax Fund revenue is appropriated either through standing appropriations established in the Code of Iowa, or through the annual appropriations process. These "off-the-top" allocations are used to fund various programs, equipment purchases, facility improvements, and departmental operations. After the off-the-top allocations and appropriations are funded, the remaining revenues are distributed based on a codified formula to the Primary, Secondary, Farm-to-Market, and Street Construction funds.
- During the 2009 Legislative Session, legislation was enacted that significantly changed the funding structure of the Road Use Tax Fund. As a result, Road Use Tax Fund allocations and distributions from previous years cannot be directly compared to FY 2009.
- Funds allocated to the RISE Program are used for the establishment, construction, improvement, and maintenance of roads and streets that promote economic development in the State.
- The following table shows the FY 2009 Road Use Tax Fund distribution by category.

Primary Road Fund	\$ 516.5
Secondary Road Fund	240.6
Farm-to-Market Road Fund	78.2
Street Construction Fund (Cities)	191.8
RISE Program Off-the-Top (city and county portion)	16.8
Off-the-Top Allocations other than RISE	73.9
	\$ 1,117.8
